As part of this collaboration, Genius Consultants Ltd. will fund to set up training centers across West Bengal to train them for sustainable livelihood generation and to encourage them to become entrepreneurs.

The training program shall be executed by one of the best training providers in Eastern India, Ascensive Educare Limited. They will be lending their assistance in recruiting these workers as per requirement. Training will be imparted in various technical fields such as mechanics, computers, electrical, automotive and many more. To make this initiative successful Genius Consultants will be deploying Rs. 20 lakhs to help upskill various workers registered under NSDC.

They will also be setting up a designated team that will be identifying and helping many such workers who may benefit from these training programs.
