As economy recovers, survey shows 59 pc firms in India intend to give salary increments in 2021

The Economic Times - 13 Apr 2021 13:44

This year, the increment scenario seems "welcoming with 59 per cent of companies saying that increment is on the cards, which will range between 5-10 per cent whereas 20 per cent thinks increment will be less than 5 per cent and around 21 per cent thinks that there will be no pay rise in 2021 too", as per the study.
