India will remain the fastest growing major economy, much ahead of China, in the next decade 2019-28, according to a global economic research report. The report prepared by Oxford Economics, which is engaged in global forecasting and quantitative analysis, India is likely to achieve an average growth of 6.5 per cent in 2019-28, the highest among the emerging economies. India will be followed by the Philippines (5.3 per cent) and Indonesia (5.1 per cent), the report said.
