The screenshot shows the article page on the Konitono website. At the top, there is a navigation bar with 'Konitono' on the left and 'Home / About / D:' on the right. Below the navigation bar, there is a breadcrumb trail: 'You are here: Home / Edtech sector to consolidate in hiring, investments as schools, colleges open: Experts'. On the left side, there is a vertical stack of social media sharing icons: Google+, Facebook, Twitter, LinkedIn, and a red plus sign for more options. The main content area features the article title 'Edtech sector to consolidate in hiring, investments as schools, colleges open: Experts' in a large, bold font. Below the title, the article text begins with 'The COVID-19 pandemic aided in the exponential growth of the edtech sector that resulted in huge numbers of recruitment in the sector but experts believe that with the opening of schools, this upward trajectory is likely to consolidate. The pandemic has drastically changed the way of teaching and learning, and the funding for ed-tech has remained bullish leading to the adoption of advanced technology, growth in both revenue as well as hiring, CIEL HR Services Director and CEO Aditya Mishra told PTI. "We estimate that there are more than 10,000 active openings across levels and permanent roles in the industry. Apart from these, there are at least 50,000 temporary job openings in the edtech sector," he noted. However, the intensity of action in terms of recruitments, investments and new enrolments is expected to come down a bit as the brick and mortar model begins to function normally, he said. "The number of new start-ups in the space will eventually come down. Though the growth rates will decline, the momentum will continue because numerous schools and students are yet to
