India Inc seems to be optimistic about opening of new vacancies amid steady hiring trends during the current financial year as the country's economy is on a growth trajectory, a report released on Saturday said.

At least 72 per cent organisations which participated in a survey believed that there will be more hirings for new positions during this fiscal.

According to 'The 11th Hiring, Attrition and Compensation Trends Report 2022-23' by Genius Consultants, 72 per cent corporates believed that there will be vacancies opening up for new positions, while 18 per cent indicated towards replacement hiring. The report further said that the companies are also reviewing internally to strengthen their workforce.

Around 40 per cent said they are planning on increasing the team strength by 10-15 per cent, while 30 per cent said they are planning to add almost 10 per cent new employees to the team and around 15 per cent of the respondents opined that the employee strength of their organisations will increase by more than 10 per cent.

Only 20 per cent indicated that there might not be any new hiring actions, the report said, adding that the economic recovery after the COVID-19 pandemic is "indicating an upward curve towards hiring in the current fiscal".
